

Why Results Scorecard™ e-CHIP?

For public health agencies

Results Scorecard™ is a strategy and performance management software that is accessible through a web browser and designed to support collaboration both inside and outside organizations. WNC Healthy Impact is using Results Scorecard™ to support the development of electronic CHIPs (e-CHIP) in communities across the region. WHY?

- **The work of community health improvement is ever changing and evolving** with increasing focus on monitoring and reporting results. This scorecard is one of the most easy-to-use, and low cost, data tracking and display tools we have found to help support this important capacity.
- **WNC Healthy Impact is creating templates to support you** – so you don't have to “build” ... just complete scorecards.
 - e-CHIP¹ - Overall population accountability
 - e-CHIP² - Population level accountability for a priority issue (Result) and performance measures
- **CHIP in Results Scorecard helps you organize your community health improvement efforts**
 - Develop and communicate shared vision
 - Define clear measures of progress
 - Share data internally or with partners
 - Simplify the way you collect, monitor and report data on your results
- **It is real time and interactive.**
 - An e-CHIP can be updated easily to display real-time information
 - You can embed e-CHIP on your website, share on social media or use it during meetings to communicate to the public and report back to your leadership teams, Boards of Health, community stakeholders and funders.
- **Easy to connect and share.**
 - Scorecards (e-CHIPs) can link together, so you can easily connect with your partner organizations to share data and coordinate efforts as you work towards making a collective impact.
 - You can compare, contrast, aggregate and calculate shared data on e-CHIP.
- **We are all in this together!** WNC Healthy Impact is:
 - Connecting you with others in the region who are also implementing this innovative and efficient approach to monitoring community health improvement progress
 - Providing Results Scorecard™ licenses
 - Creating Scorecard templates with built-in guidance
 - Providing technical assistance & Results Scorecard™ trainings as needed (see menu of services for details)
